NDGAA, Inc., P.O. Box 101, Clark, PA 16113
724-962-2711 ndga@nationaldoggroomers.com

Workshop Information - Our Workshop & Certification program was developed so all groomers may have the opportunity to participate in an innovative & educational workshop as well as provide a way that they may have their grooming skills evaluated and certified. All groomers are encouraged to attend an NDGAA accredited workshop and are not required to register for the certification test.

PRE-REGISTERED attendees will receive a certificate of attendance suitable for framing and our official educational literature booklet to use as a reference in their shops. Time permitting we will discuss some of the topics: groomer health, independent contractors, proper shop set up, computerizing your grooming salon, occupational diseases, canine ear and nail care, scissor maintenance, first aid & accidents in the shop, safe usage of pesticides, pricing, lyme disease & carpal tunnel.

The Workshop Will Consist Of:

•Orientation ... An extensive explanation of the testing procedure as well as NDGAA membership programs and benefits, followed by a question and answer session.

•Breed Demos ... Demonstrations will consist of showing the proper breed profiles on certifiable breeds available to us at the site. Points that will be discussed include; breed conformation with emphasis on balance, symmetry and smoothness of finish.

• Stripping, Thinning & Carding - Whether you are new to these techniques or want to perfect your skills, our certifiers will show you the correct method of grooming a hard coat and what to do with a blown coat. We will go over the correct usage of stripping knives, thinning shears, stripping blocks and stripping with blades.

• Patterns - Certifiers will share with you the correct line placements on terrier and sporting breeds, as well as correct feet, ears and heads. We will also touch on how to evaluate the poodle for proper pattern placement and how to achieve the proper poodle topknot..

Acceptable breeds for the Certification

Testing Session are:

*Non-Sporting - Mini or Toy Poodle or Bichon,
 *Sporting - American or English Cocker Spaniel or English Springer. * Terrier - Long Legged breeds include: Miniature Schnauzer or Wire Fox Terrier or Bedlington, Kerry Blue or Soft Coated Wheaten. *Terrier - Short Legged breeds include: West Highland Terrier, Scottish Terrier, Sealyham Terrier or the Hand-stripped Cairn Terrier. (choose 2 terriers, 1 from long-legged and 1 from short-legged).

A 100 question written exam is administered with each phase. The Master Exam consists of 400 questions. Groomers registered for certification testing must supply their own dog(s) and equipment.

More information on the above breeds can be found in NDGAA's Breed Profile Guidelines. It is recommended that you purchase the guidelines as they will aid in your preparation for the workshop as well as the testing session.

Guidelines are available in the Non-Sporting, Sporting and Terrier groups (14 breeds in all). Order guidelines using the attached form, enclose \$35 for the set and receive the written exams study guide sheet with sample questions, all NCMG written exam study materials, AKC Dog ID chart and Workshop/Certification Prog. Guidelines.

You must attend at least one workshop before participating in the Certification Testing session.
